

Application Deadline: May 12, 2019**Job Title: Conservation Programs Administrator****Location:** Sacramento, CA**Position Type:** Full-time**Expected Start Date:** June 2019

Overview: The Freshwater Trust, a Pacific Northwest-headquartered non-profit leader in quantified conservation, is seeking an experienced professional to administer conservation programs in California. This full time position will work as part of The Freshwater Trust's California team, and will work closely with technical support staff in Portland, OR. The Freshwater Trust is currently focused on northern California projects, where we apply the principles of quantified conservation through contracting with municipal, governmental, and nonprofit entities for regulatory compliance and watershed conservation. These programs are a key part of achieving The Freshwater Trust's mission to increase the pace and scale of watershed conservation, and to ensure a future where clean, abundant freshwater resources support our environment, economy and society.

The Conservation Programs Administrator will be primarily responsible for the administration of an existing groundwater and habitat conservation project with a wastewater utility in northern California and a compliance reporting program for Senate Bill 88. This position will involve client coordination and oversight of deliverables, timelines and budget. The Program Administrator will also support additional projects, business development and outreach efforts, and other duties as assigned.

Position Responsibilities:

- Administration of a >\$2m contract, including but not limited to: client coordination; scope of work tracking, staff delegation of task progress; budget tracking; timeline management; deliverable management; partner communications; meeting documentation, and coordination of partner meetings.
- Collaborate with The Freshwater Trust's technical teams to meet project scope requirements.
- Manage databases to store and track data from Analytics team and program participants.
- Developing a sophisticated understanding of the complex technical, social, and political contexts for watershed-scale programming.
- Local travel required for this position; at times travel may be expected on short notice. Travel and other work related assignments may include weekends. Trips to Portland, OR may occur 3-4 times per year.

Desired Skills and Qualifications:*Qualities and skills:*

- Highly organized multi-tasker with excellent interpersonal skills
- Enjoys working with technical teams and finds joy in an organized spreadsheet
- Highly responsible, trustworthy, dependable with a strong sense of ethics; and passionate about the mission and vision of The Freshwater Trust
- Strong time-management skills with ability to be flexible and responsive to changing task priorities
- Well versed in a variety of technological tools to manage databases, track projects and communications, schedule and coordinate video conference meetings, edit and revise communications materials, update web content, etc.

- Ability to quickly learn and adapt to new tools.

Qualifications:

- Bachelor's degree in natural sciences, natural resource management or policy, water resources or related field, master's degree a plus
- 5+ years' experience with large projects (>\$1m) including project set-up and task and budget oversight
- Familiarity with northern California watersheds
- Strong general knowledge of water quantity, quality, agricultural BMPs and conservation actions
- Strong communication skills with team members, clients, and in written documentation
- Capacity to proactively juggle multiple tasks and competing priorities within a high energy environment
- Strong passion for The Freshwater Trust's mission to 'protect and restore freshwater ecosystems'

Other Position Requirements:

- Candidates should possess professionalism, confidence, intellectual curiosity and energy
- Candidates must have legal authority to work permanently in the United States
- Must possess a valid driver's license

Compensation:

- Competitive salary based on experience
- Generous benefits package, including full health coverage, paid time off (PTO), and retirement contributions

Application Instructions:

- Supply a Cover Letter, Resume and a list of 3 References into a single PDF not to exceed 5MB
- Submit required information and documentation at:
