Job Title: Campaign & Advancement Director

Location: Portland, OR

Position Type: Full-time

Expected Start Date: Summer 2022

Who we are: The Freshwater Trust (TFT) is a non-profit leader in watershed analysis, restoration/conservation program design, and implementation. Our team members are building tools and creating and testing new solutions that will help to create resiliency in our rivers. With a mission of preserving and restoring freshwater ecosystems, our approach is driven by science, data, and results (see our Core Values). With headquarters in Portland, OR, TFT employs 45+ team members with three physical offices in Portland, Ashland, OR and Sacramento, CA. Our team members range in background and skillset; teams include philanthropy and fundraising, communications, science and analytics, restoration, legal, finance, and administrative and systems support.

To secure the resiliency of life on the planet, we need to act more strategically and more urgently when it comes to restoring and conserving our freshwater resources. However, our sector has long been mired in bureaucracy, inefficiency, and antiquated methods, and our rivers, economies, and communities are consequently at risk. TFT's current capital campaign aims to demonstrate a new path forward that puts precision analytics, coordinated action, and rapid funding for outcomes at the heart of all restoration and conservation. It will incentivize stakeholders to implement the highest impact, lowest cost projects. It will maximize conservation dollars and catapult basins to a place of long-term resiliency: protecting our health, communities, and economy along the way.
